

**International Conference on (Private Sector)
Innovation and Management
(IAM2019 Summer)**

**Date: July 9-12, 2019. Venue: Hiroshima, Japan
Call for Papers**

With the rapid development in e-business and technology, enterprises are now facing escalating competitions and vague opportunities. How to assist enterprises in gaining competitive advantages through technological and managerial innovations has become a crucial issue for both academicians and practitioners. The main objective of IAM International Conference is to provide a venue where business stakeholders, researchers and experts worldwide can share cutting-edge innovative technologies and managerial theories, exchange valuable experience and form collaborative relationships to promote business innovation and management. We believe it is of immense significance to have an opportunity to share the knowledge from all participants. We also sincerely hope that this serves as an international platform for meeting researchers from around the world, widen professional contact and create new opportunities, including establishing new collaborations.
